King's Arch is on the verge of completing the renovation and restoration of Historic Core gem, [537 South Broadway](#), and has begun its leasing campaign. [537 S. Broadway](#) is an architecturally significant, six-story building designed by famed local architects Walker & Eisen in the Art Deco and Zigzag Moderne style in 1931. The structure is a contributing building to the historic value of the Broadway Theater and Commercial District listed in the National Register of Historic Places. The building has remarkably retained its character and original luster. King's Arch has done a wonderful job of modernizing it to include 2 roof decks, operable windows, new electrical service, seismic upgrade, polished concrete floors, 14'+ ceilings, brand new HVAC, fiber data, and access control systems. For tours, prospective creative office/retail tenants or architecture enthusiasts are welcome to contact them via email leasing@kingsarch.com , or phone [310.659.7575](tel:310.659.7575).
